D9 Editor Peggy Schwaller and I just returned from the 2023 United States Power Squadrons® Fall Governing Board in Kansas City, MO.. We attended four days of very informative seminars and meetings from September 30 through October 2.

While at the Governing Board, I attended the meeting for District Commanders and District Executive Officers. Session was conducted by V/C Ralph Bernard, AP, USPS® Executive Officer and member of the Absecon Island Power Squadron, New Jersey.

2023 Governing Board Seminar notes

Many seminars were excellent presentations and very informative.
Reminder: Our modern phones are powerful tools for our benefit.
The US Post Office gave us trouble over our URL: USPS.org
Creative software and apps are available for the boating simulators.
Webinar, Seminar and Course material are being updated.
Printed rosters are always outdated. Information Center is current.
Members prefer messaging rather than emailing. Calling is friendly.
Be creative with events, meetings, classes, etc. Provide snacks.

August 11, just a few weeks prior to the Governing Board, Editor Peggy and I attended the Grand Traverse Bay Lobster Roast in Northport, Michigan. Members of Grand Traverse do such a great job. The location is beautiful on the Bay and attendees can come by boat to the adjacent marina. The Friday event featured burgers; and the Saturday event featured lobsters and steaks plus the annual auction that is always interesting and fun.

My year as District Commander began on April 29, 2023 at the Spring Conference in Bay City. Host Cdr. Guy Greve and members of Saginaw Bay did an outstanding job in every possible way. That Conference and the Saginaw Bay Power Squadron will always be special to me. I was honored to be sworn in by Craig Fraser SN, Chief Commander of the United States Power Squadrons® and member of Akron Sail and Power Squadron, Ohio

Grand Traverse Sail & Power Squadron Lobster Bake

Keeping it moist

Many years ago Dr. Dan Daciuk had conversations with a colleague from New England about a lobster bake the colleague had been to back home. After hearing about this several times, Dan was intrigued enough to want to learn how to do it. Another colleague had a home on the water near Deep Water Point. That seemed to be the perfect place to build this fire and bake the lobsters. They had a flat steel plate they supported on concrete blocks so they could build the fire under it. They layered sea weed, then lobsters, potatoes, sausages, peppers, sweet corn, clams, another layer of seaweed, and topped it with wet newspapers. As it all cooked they sprayed it with water to keep it all moist and steaming.

This was so much fun and good eating that it grew to two or three bakes a year for family, friends, and the Coast Guard Auxiliary (which Dan was also an active member of). In fact, back in the day, the "Coast Guard Cowboys", as Dan called them, flew the lobsters in from Maine in their jet.

There was a break for 5 or 6 years with no lobster bakes. Dan decided to revive it. First, they had to find the steel plate. Its last known location was on the beach at the colleague's home. Several people walked the beach kicking the sand up with their toes until one of them stumbled upon it.

Occasionally Dan would do the lobster bake at different locations for family and friends. Then he decided to do one for our Power Squadron. For us he built the fire to cook the lobster on the Suttons Bay Beach for several years. The "Coast Guard Cowboys" were no longer a part of it, so they began ordering the lobsters, clams, and seaweed through a local food distributor. It became an annual event.

In 2003 we moved it to Elmwood Township Park just north of Traverse City. We held it there for 2 years then moved to Northport's Haserot Park where it has been held ever since. In 2007 Jerry Stephan was our District 9 Commander. Even though we had always had a few people from other districts attend, he wanted the event to be more inclusive with our district squadrons. We expanded the event to include a Friday evening bratwurst dinner and Saturday morning breakfast. We invited nearby squadrons to host those meals. Eventually the attendance for the breakfast waned so we discontinued it.

Changes have evolved in the Lobster Bake over the years. The seaweed became difficult to come by and expensive. We discovered that corn stalks would serve the same purpose. It was near impossible to keep the clams tender since we were cooking the lobster longer than the clams needed. So we discontinued them. People complained that it was too difficult to get the potatoes, peppers, and sausages out of the cornstalks, so we began putting them in "cook-in" bags until we had so many leftovers that we discontinued them.

We began offering prime rib and chicken breasts as alternatives to the lobster. The chicken option lasted a few years but interest became low so we discontinued it.

Haserot Park is an ideal location for this event and we plan to continue it there. We are happy to see that several people do make it a true rendezvous by bringing their boats to the adjacent marina.

A D9 thank you to the Nelsons and the Members of Grand Traverse for a Great Time UpNorth - Editor

Members do a great job putting this event together.

The weather on Friday evening in Northport was cool and damp so most members wore jackets. We were excited to be back for an evening of fellowship and grilled burgers with all the fixings. Friendly faces welcomed us and the aroma of hot, buttery popcorn. We were all cozy seated with each other under the big white tent on beautiful Traverse Bay .

Dan and Linda Cline enjoying warm popcorn

The weather on Saturday was cool but it was a lovely day. However, just as we were about to dine, a very brief winddownburst moved through. We were grateful for the big white tent. As if nothing happened, food was ready. We enjoyed UpNorth meals of corn on the cob, lobster and steak with all the fixings and lovely desserts.

The Auction at the Lobster Roast is a big hit. **M.R. Gillooly** puts the auction together every year. The table displays a variety of goods.

2022 EXECUTIVE SUMMARY

- In calendar year 2022, the Coast Guard counted 4,040 accidents that involved 636 deaths, 2,222 injuries and approximately \$63 million dollars of damage to property as a result of recreational boating accidents.
 - The fatality rate was 5.4 deaths per 100,000 registered recreational vessels. This rate represents a 1.8% decrease from the 2021 fatality rate of 5.5 deaths per 100,000 registered recreational vessels.
 - Compared to 2021, the number of accidents decreased 9.0%, the number of deaths decreased 3.3%, and the number of injuries decreased 15.9%.
- Where cause of death was known, 75% of fatal boating accident victims drowned. Of those drowning victims with reported life jacket usage, 85% were not wearing a life jacket.
- Where length was known, 3 of every 4 boaters who drowned were using vessels less than 21 feet in length.
- Alcohol use is the leading known contributing factor in fatal boating accidents; where the primary cause was known, it was listed as the leading factor in 16% of deaths.
- Where instruction was known, 74% of deaths occurred on boats where the operator did not receive boating safety instruction. Only 14% percent of deaths occurred on vessels where the operator had received a nationally-approved boating safety education certificate.
- There were 173 accidents in which at least one person was struck by a propeller. Collectively, these accidents resulted in 41 deaths and 182 injuries.
- Operator inattention, operator inexperience, improper lookout, excessive speed, and machinery failure ranked as the top five primary contributing factors in accidents.
- Where data was known, navigation rules violations were a contributing factor in 50% of accidents, 35% of deaths, and almost 60% of injuries.
- Collisions (with vessels, objects, groundings) were the most frequent first event in accidents, attributing to 55% of accidents, 21% of deaths, and 53% of injuries.
- Where data was known, the most common vessel types involved in reported accidents were open motorboats (47%), personal watercraft (18%), and cabin motorboats (14%).
- Where data was known, the vessel types with the highest percentage of deaths were open motorboats (47%), kayaks (14%), personal watercraft and pontoons (both 9%).
- The 11,770,383 recreational vessels registered by the states in 2022 represent a 1.6% decrease from last year when 11,957,886 recreational vessels were registered.

USPS® Planning Committee

Past Commander of Grosse Pointe Power Squadron
America's Boating Club - Grosse Pointe

Rose and I just returned from the 2023 USPS Fall Governing Board Meeting held in Kansas City, Missouri. If you have never attended a USPS Fall Governing Board Meeting or an Annual Meeting, you miss an opportunity to learn about what is happening within our organization, attend a variety of informative seminars and meet other ABC/USPS members from around the country.

This was a busy conference for Rose and I. We assisted Dawn Eckhart, Dawn Travel Deals, with picking up her cruise posters at the local Office Depot for her display and cruise seminar. Rose is a member of the National Meetings Committee and she made sure everyone who signed up for a meal had a ticket and a seat to enjoy their meal.

Marty and Sari Lafferty, America's Boating Channel, had to change plans just before the conference and could not attend so Rose and I introduced Marty's seminar about the America's Boating Channel Updates. I was busy with the National Planning Committee all week and helped the Rear Commander of the committee with his presentation for Saturday's Meeting.

I have "volunteered" for a new job at the National Meetings. I am now a member of the team carrying the flags for the opening and closing ceremonies.

The picture is me marching with the Canadian Flag at the Governing Board Meeting. Also, the person marching behind me with the Canadian Power Squadron Flag is Cdr Connie Hallenbeck of the Flint Squadron.

Marty and Sari Lafferty from America's Boating Channel returned to District 9 to shoot a Video about Border Crossing, an idea submitted to Marty by P/C Rose Stano, AP of Grosse Pointe. Club/Squadron members from Detroit, Birmingham, Mt. Clemens St. Clair Shores and Grosse Pointe participated in the video shoot.

The Border Crossing video will be available for viewing on You Tube, Roku, and Fire Stick after the Labor Day weekend. I have seen the video and it is outstanding. Thank you to all of the D9 members who participated in the video shoot.

Rose and I attended the 2023 Lobster Bake in Northport sponsored by the Grand Traverse Bay Club/Squadron. It was a bit rainy, but the lobsters tasted great none the less! After Dark, we returned to our motel, Sunrise Landing and sang campfire songs.

As an aside to this trip, Rose and I first traveled 280 miles to perform a vessel safety check in Harbor Springs, MI for a fellow Grosse Pointe Squadron member and while in Northport, I performed another vessel safety check at the Northport Marina on Werner Meyer's boat. Werner is a Past Commander of the Irish Hills Squadron.

I invite all District 9 members to attend the 2023 Fall Conference in Port Huron. See you September 30th.

2023 Season Seven, Border Crossing

We did it D9 Detroit style. Marty and Sari Lafferty had so much fun doing Season Five, they wanted to come back and see what we could do this time. But they wanted less fishflies and something unique.

So, what makes us special- the International Border. So, they returned to face the challenge. After 3 weeks of sunshine and higher than normal temps, the shoot had cooler temperatures, clouds, rain, and a large crew of diverse boaters ready to show their assortment of boats in a variety of settings.

Starting with a pre-production pizza party inside due to rain. Set up 12 shots over 4 days, missing the lightning but proceeding in the drizzle because boaters like water. Coats, sweaters, umbrellas, and long pants didn't quite look like Mexico and Caribbean but were much needed. Running from Anchor Bay down to Detroit and Windsor and back again kept them moving. (Bouvier Bay Marina, Harrison Twp canal home, Lambrecht Marina, Selfridge Boating access site, Great Lakes Yacht Club, Grosse Pointe Farms Pier Park Marina, Safe Harbor Jefferson Beach and Detroit River Marinas, Kam Marina, City of Windsor Lakeview Park Marina) Big boats- 40' Tiara, 39' Carver, 37' Sea Ray, 35' & 32' Chris Craft, 31' Trawler, Sailboat, down to 18' & 20' powerboats.

Male and Female Captains with a lot of computer and phone support. Good thing there were young tech savvy children to help us out. Enjoying local restaurants like Crew's Inn and Sinbad's. Celebrating our successful shoot completion, again in a torrential rain cook-out at Grosse Pointe Woods Lakefront Park. The large pavilion once again protected us. Doing what we do best as the Power Squadron. Challenging ourselves to be better boaters and share our knowledge with others.

Thank you Michael Babiarz, Robert Blau, Kim Boch, Duane Carlson, Matthew Chambliss, Dave Charvat, Delphine and Vince Cooley, Lavonia Criner, Natasha Duvall, Don Fiander, Tom Fisher, Greg Gambert, Derek Hamlin, Kalima ohnson, Stephanie Johnson, Bob and Bonnie Kreig, Marty and Sari Lafferty, Sally Lemus, Paul Loock, Joan McCarron, Paul Meyer, Mike Murphree, Lisa Nieves, Milton Osgood, Marcia Paulsen, Alland Peggy Schwaller, Bill Stano, William West for participating. Thank you, Todd Hyatt for use of Trader Todd Marina Storage Building for our gathering. Thank you to Kelly Finlay for allowing us into Lakeview Park Marina gas dock.

Participants from Birmingham, Detroit, Grosse Pointe, Mt Clemens, and St Clair Shores Power Squadrons.

Prior to 1947 there were no district education officers. Initially the ranking educational officer, the chairman of education, served without rank and was appointed by the Governing Board. Later they became the DEO and was granted the rank of D/Lt/C in 1956. In 1962 an Asst. DEO was authorized. In 1974 the DEO and Asst. DEO were elected at the district conference, with prior approval of the director of education. Since 1967, every DEO who has served a full 3-year-term, except one, has been an officer of the National Educational Department.
